AUTHORS BIODATA

Dr. Norshakirah Abdul Aziz is a Senior Lecturer at Computer and Information Sciences Department at Universiti Teknologi PETRONAS, Malaysia. Currently, she is a researcher at UTP Centre of Research in Data Sciences (CeRDaS) and a Data Governance Leader at High-Performance Cloud Computing Data Centre (HPCCC). She holds a Diploma in Management Technology, a bachelor's degree in Information Technology (IT), an MSc Degree in IT, and a Ph.D. in e-SCM Integration & Collaboration. She has a total of 19 years of experience gained from academic institutions and industry under her belt. Her industry working experience is related to Business Intelligence, E-Business, and IT Project Management. Her research scope covers Business Intelligence, Data Analytics, Data Governance, and Digital Addiction. She is also a qualified Technologist Specialist (Ts), and HRDF Certified Trainer, and a present EXCO Committee Member for Data Science Association, Malaysia.

Dr. Emelia Akashah Patah Akhir graduated from University of Surrey with MSc in Information System in 2007. She then worked as a lecturer in Malaysia before she took study leave in 2012 to pursue her PhD. She completed her PhD viva in 2017. Upon completing her PhD, she returned to Malaysia and work as a lecturer in Universiti Teknologi PETRONAS. Currently, Dr Emelia works as a lecturer at Department of Computer & Information Sciences, Universiti Teknologi PETRONAS. Her research interest is mainly but not limited to business/IT alignment, sustainable supply chain, E-commerce, information systems, knowledge management, information architecture, information strategies, and big data governance.

Dr. Hitham Alhussian (Senior Member, IEEE) received his BSc and MSc in Computer Science from the School of Mathematical Sciences, University of Khartoum (UofK), Sudan. He obtained his Ph.D. from Universiti Teknologi PETRONAS (UTP), Malaysia. Following his Ph.D., he worked as a Post Doctorate Researcher in the High-Performance Cloud Computing Center (HPC3) in UTP. He is currently a Senior Lecturer in the Department of Computer and Information Sciences in UTP and a core member of Centre for Research in Data Science (CERDAS). His main research interests include real-time parallel computing, big data, and cloud computing, machine/deep learning, data mining, and real-time analytics.

Dr. Said Jadid Abdulkadir (Senior Member, IEEE) received his B.Sc. Degree in Computer Science, M.Sc. degree in Computer Science, and Ph.D. in Information Technology in 2016, he is currently a Senior Lecturer at the Department of Computer and Information Sciences and a member of the executive committee for IEEE Computational Intelligence Society, Malaysia, and Data Science Association Malaysia. His current research interests include machine learning, data clustering, and predictive analytics. He is currently serving as the editor-in-chief for the Journal of Applied Artificial Intelligence, section editor for Platform journal, reviewer for Artificial Intelligence Review, the IEEE ACCESS, and Knowledge-Based Systems.

Nur Faiza Ali graduated with B.Sc. Degree in Computer Science (System Management and Networking) from Universiti Malaysia Sabah (UMS), Malaysia in 2015. She received her M.Sc. degree in Information Technology from Universiti Teknologi PETRONAS (UTP), Malaysia in 2020. She is currently involved in SOTL and UHAMKA-UTP research programs. Her current research interests include networking, business intelligence, data analytics, sensor network, and statistics.
